

Institutional Presentation

June 2017

This presentation contains statements that may constitute “forward-looking statements”, based on current opinions, expectations and projections about future events. Such statements are also based on assumptions and analysis made by Wilson Sons and are subject to market conditions which are beyond the Company’s control.

Important factors which may lead to significant differences between real results and these forward-looking statements are: national and international economic conditions; technology; financial market conditions; uncertainties regarding results in the Company’s future operations, its plans, objectives, expectations, intentions; and other factors described in the section entitled “Risk Factors”, available in the Company’s Prospectus, filed with the Brazilian Securities and Exchange Commission (CVM).

The Company’s operating and financial results, as presented on the following slides, were prepared in conformity with International Financial Reporting Standards (IFRS), except as otherwise expressly indicated. An independent auditors’ review report is an integral part of the Company’s condensed consolidated financial statements.

DU PONT

2012 2013 2014 2015

1837 Wilson, Sons & Company was founded in Salvador (BA) providing shipping agency services and trading coal internationally.

1928 Inauguration of the largest covered warehouse in Latin America, in São Cristóvão (RJ).

1973 Acquisition of Guarujá shipyard, initiating shipbuilding activities.

2003 Offshore operations begin with the launch of first Platform Supply Vessel (PSV) vessel – Albatroz – built by Wilson Sons Shipyards.

2012 Expansion of Tecon Salvador almost doubling the terminal's capacity. Wilson Sons celebrates 175 years since the Company foundation and Tecon Rio Grande celebrates 15 years in operation for the Company.

2016 Renewal of the Container Terminal concession in Salvador, acquisition of 6 tugboats from Vale. Start of operations in Santa Clara Terminal.

1873 The solidity of the Company is reflected in its participation in the coal trade as well as in the importation of products such as cotton, wool, linen and silk, the most profitable businesses of that time.

1958 Walter Salomon saw the opportunity to invest in the Brazilian business and engineered a share swap whereby shareholders of Ocean Wilsons Holdings Ltd receiving non-voting shares in then called Scottish and Mercantile Investment Trust which is today Hansa Trust PLC.

1964 Change of Company name from Rio de Janeiro Lighterage Company (subsidiary of WS Co. Ltd) to Companhia de Saveiros do Rio de Janeiro.

1999 Foundation of Brasco, an offshore logistics company.

2008 Construction of the Third Berth in Tecon Rio Grande, resulting in Brazil's largest container terminal in retro-area.

2014 Commencement of towage operations in the Amazonian state of Pará, with seven tugs attending the port of Belém, as well as the Vila do Conde terminal in Barcarena and Trombetas in Oriximiná.

1911 Rio de Janeiro Lighterage Company Limited (John Mackenzie – Trustee) and Wilson Sons & Company Limited sign a merger agreement.

1966 Acquisition of Camuyrano Serviços Marítimos which doubles the size and importance of the fleet. Saveiros and Camuyrano begin to operate as associated companies.

2000 Logistics operations begin with the institution of Wilson Sons Logistics. Acquisition of the Salvador Container Terminal through public auction.

1997 Port terminal operations begin with the successful bid which privatized the container terminal of Rio Grande – Tecon Rio Grande.

2007 Wilson Sons becomes a publicly listed company, with shares traded on BM&FBovespa in the form of BDRs.

2013 Conclusion of the Guarujá II shipyard increasing the Company's naval construction capacity from 4,500 tons to 10,000 tons of steel per year. Through the Brasco Logística Offshore Ltda, Wilson Sons concludes the acquisition of the total share capital of Bric Brazilian Intermodal Complex S/A ("Briclog"), base for the support of the offshore oil and gas industry.

2010 Acquisition of the remaining 25% of Brasco, bringing Wilson Sons control to 100% of the asset.

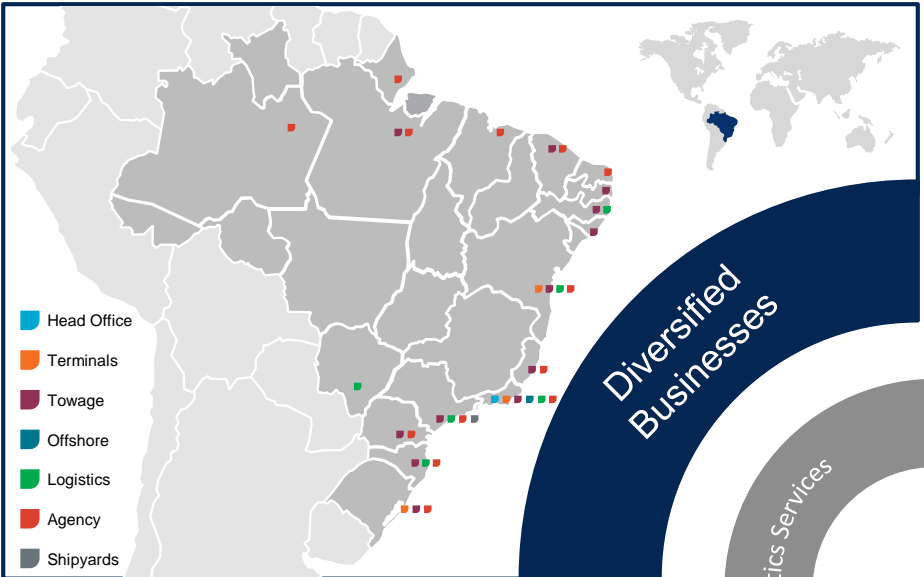

2015 Wilson Sons container terminals achieved a record 1,035 million TEU in 2015 increasing 6.2% over 2014 with exports, cabotage and transshipment all increasing.

1936 Beginning of towage operations, with the acquisition of Rio de Janeiro Lighterage Company.

1869 Participation in the most ambitious construction projects of the period such as the Brazilian Great Western Railroad (currently part of the Federal Railroad Network).

Notes: (1) Continuous quay.

Phase 1 (2017-18)

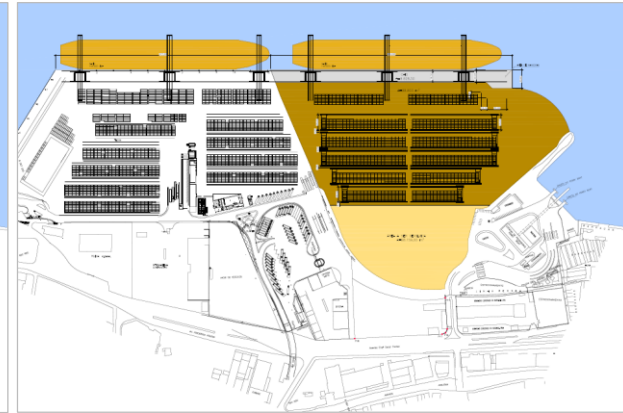

- › 423m quay extension, with a total length of 800m after expansion;
- › Acquisition of 3 STSs (Ship-to-shore Gantry Cranes), Super Post-Panamax type;
- › Estimated total gross investment of US\$100M;
- › Phase expected to commence nine months from the amendment signature, and completed by 24 months after the construction start.

Phase 2 (by 2030)

- › Leveling and paving an existing 28,160 sqm backyard area;
- › Estimated total gross investment of US\$10M;
- › Capacity at the end of P2: 560k TEUs;
- › Phase construction limit by 2030.

Phase 3 (by 2034)

- › Landfill and paving of an additional 88,803 sqm backyard area;
- › Acquisition of 6 RTGs (Rubber-tyred Gantry Cranes);
- › Estimated total gross investment of US\$50M;
- › Capacity at the end of P3: 925k TEUs;
- › Phase construction limit by 2034.
