Wilson Sons participation in tender for Bonded-Warehouse in Suape (PE)

PRESS RELEASE

Wilson Sons Limited ("Company") announces that, through its subsidiary Wilson, Sons Logística Ltda., it has taken part in the public bidding process for a new bonded warehouse (EADI) in Suape, Pernambuco. The commercial proposals were delivered to the 4th Region of Brazil's Inland Revenue Office ("SRRF04") on February 19, 2013.

Following the presentation of commercial proposals the Company has become aware, through release in the Government Official Journal, on March 11, 2013, that it ranked first place with the lowest tariffs among participating companies. The Company informs that having offered the lowest tariffs does not, however, constitute a conclusion of the process to operating the bonded warehouse. The Company awaits subsequent phases of the bidding process which will result in official announcement of the winner for the tender from SRRF04.

Participation in the public bid is part of Wilson Sons Logistics' strategy of focusing on differentiated assets with clearer competitive advantages, such as bonded warehouses and logistics centers.

About Wilson Sons

Wilson Sons Limited, through its subsidiaries, is one of Brazil's largest providers of integrated port and maritime logistics and supply chain solutions.
